

## **Christ-Centred Relationships: Submitting to one another**

Ephesians 5:21

### **Discussion Questions**

#### **The Essentials**

- 1) What does 'to submit' mean?
- 2) How is the world's idea of submission different than the Bible's?
- 3) Think of some ways in which Jesus submitted.
- 4) What would it like for you to practically apply this verse?

#### **Going Deeper**

- 5) In what way might the body of Christ and an army be similar?
- 6) Discuss this quote from Simon Gillham: "It's not submission until you disagree. If you only ever submit to an authority that is telling you what you already want to do, you haven't submitted. You have retained your autonomy. You are the final authority."

**Memory Verse:** "submitting to one another out of reverence for Christ."

Ephesians 5:21

**Prayer Point:** Please pray for the relationships that we have with one another at IBC. Pray that they would honour God and be pleasing to Him.
